

## W223 Maximum Visual Bandwidth for Your Money

The W223 is a new breed of monitor from Edge10. The 22" screen is big enough to accommodate two office documents side by side and with an ultra fast response time suitable for gaming and moving images. Users can enjoy high quality images with great black levels - ideal for creative suites and Office Applications. The 1000 to 1 Contrast level ensures outstanding text legibility to ensure limited eyestrain. With DVI, integrated multimedia speakers and a beautiful glossy black appearance - this monitor comes with all the extras. This is one slim monitor which performs as well as it looks. Backed by our industry leading three year on-site exchange warranty.
